

OneClick Digital for Android

1. Download the OneClick Digital app from Google Play Store.
2. Before you use the app, you must first make an account on OneClick's website. The link is available at Center Moriches Library's homepage.

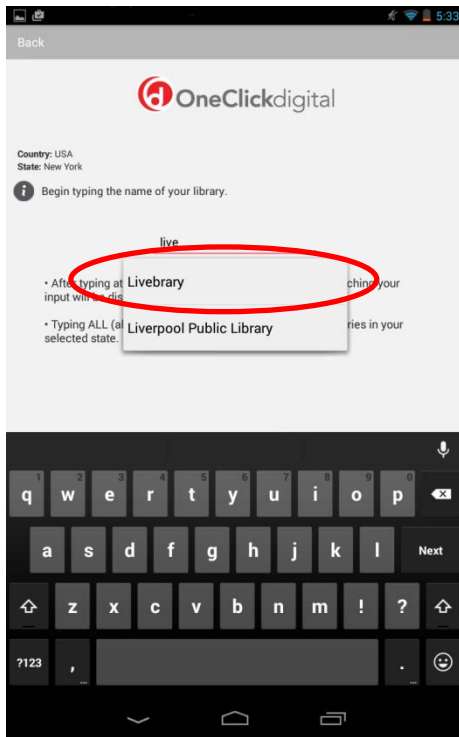

It looks like this!

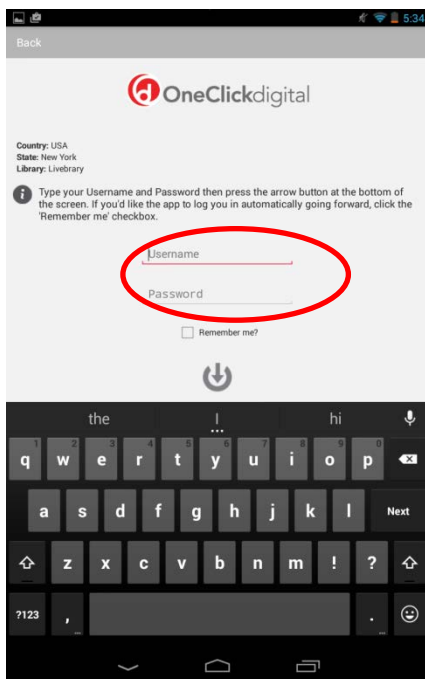

3. You will need to enter your library barcode, your name, email address and to create a username and password. Once you do this, you can sign into the app.
4. Once you are registered and open the app, you will need to choose your country and then state.

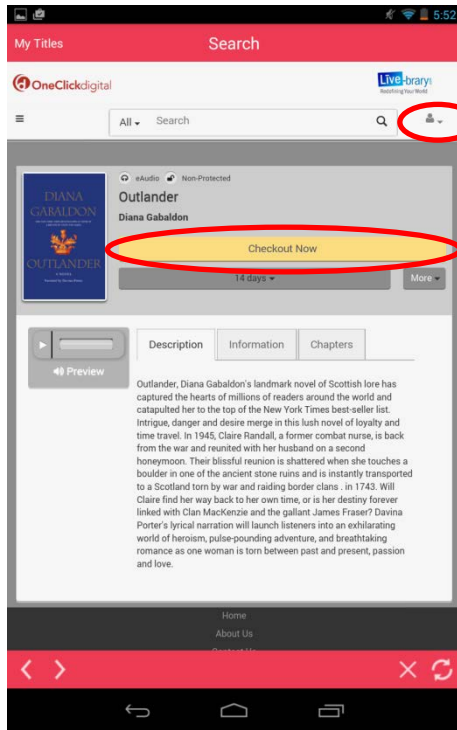

5. After that, you will need to search by library. We are listed under Livebrary.

6. Then you will enter the username and password you just made on the website.

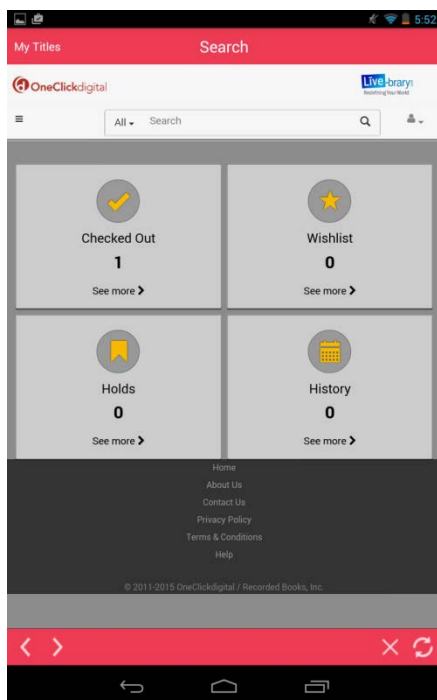

7. Once logged in, you can search for the titles you want. You will have each item for 14 days.

You can get to your account here.

8. You can manage your account by clicking on one of the boxes.

9. If you click on one of your items, you can return or renew it.
