

# Downloading eBooks for the Nook

1) Navigate to [www.centermoricheslibrary.org](http://www.centermoricheslibrary.org) and click on FREE DOWNLOADS ~ EBOOKS, AUDIO & VIDEO

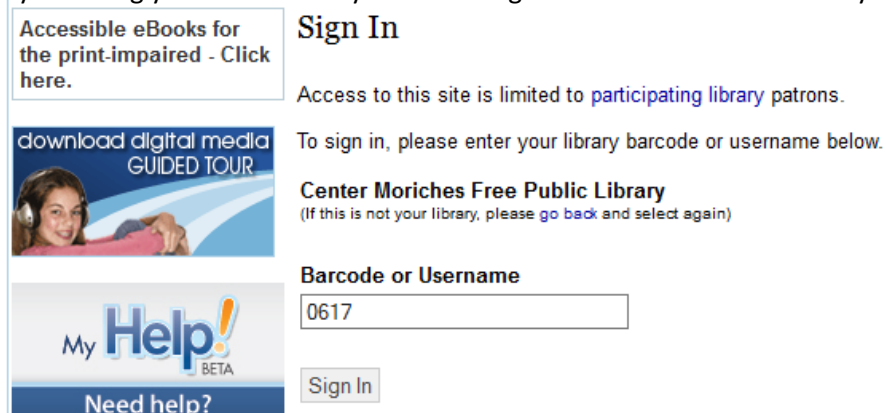

2) Search or browse for an eBook

3) Instead of buying physical copies of books, the Library buys licenses of eBooks. This service is shared with all of Suffolk County, so make sure there are available copies. If an eBook is unavailable, you can put your name on the list to receive an email when it is. Add your eBook to your cart. Make sure that you choose the correct format!

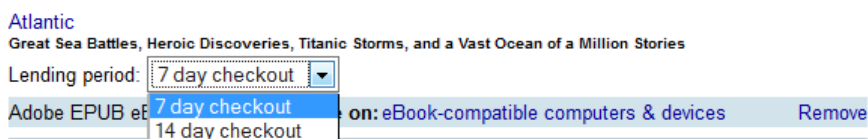

4) Check out your eBook by choosing your home library and entering the barcode on the back of your card

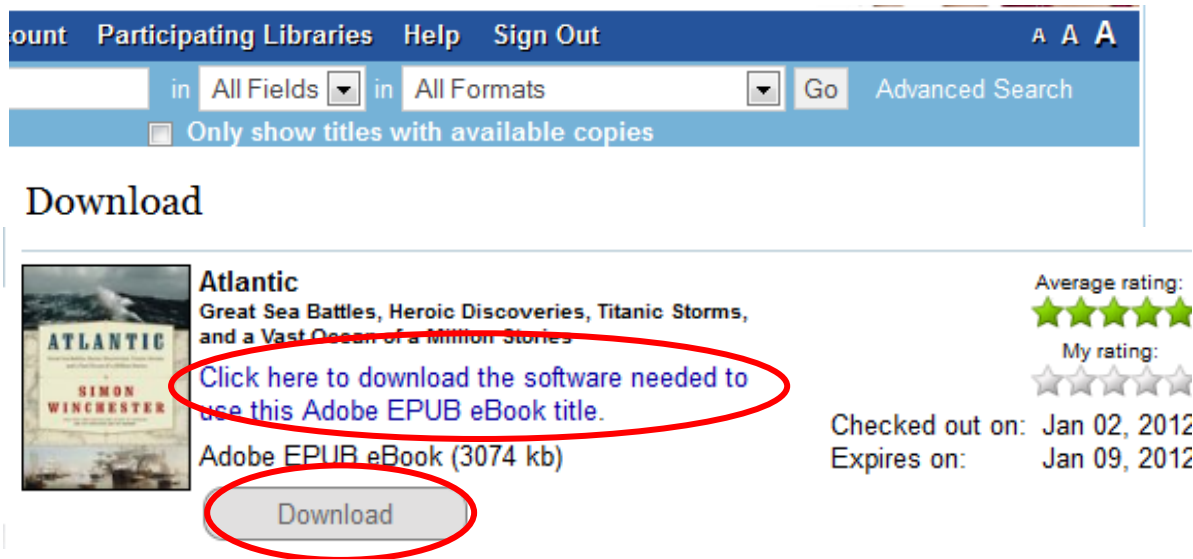

5) Choose between 7 or 14 days to check out the item. You can check out a maximum of 5 items at a time. Be careful if you have something on hold. You could miss out if you have too many checked out! Click Confirm when you're ready.

## Check Out

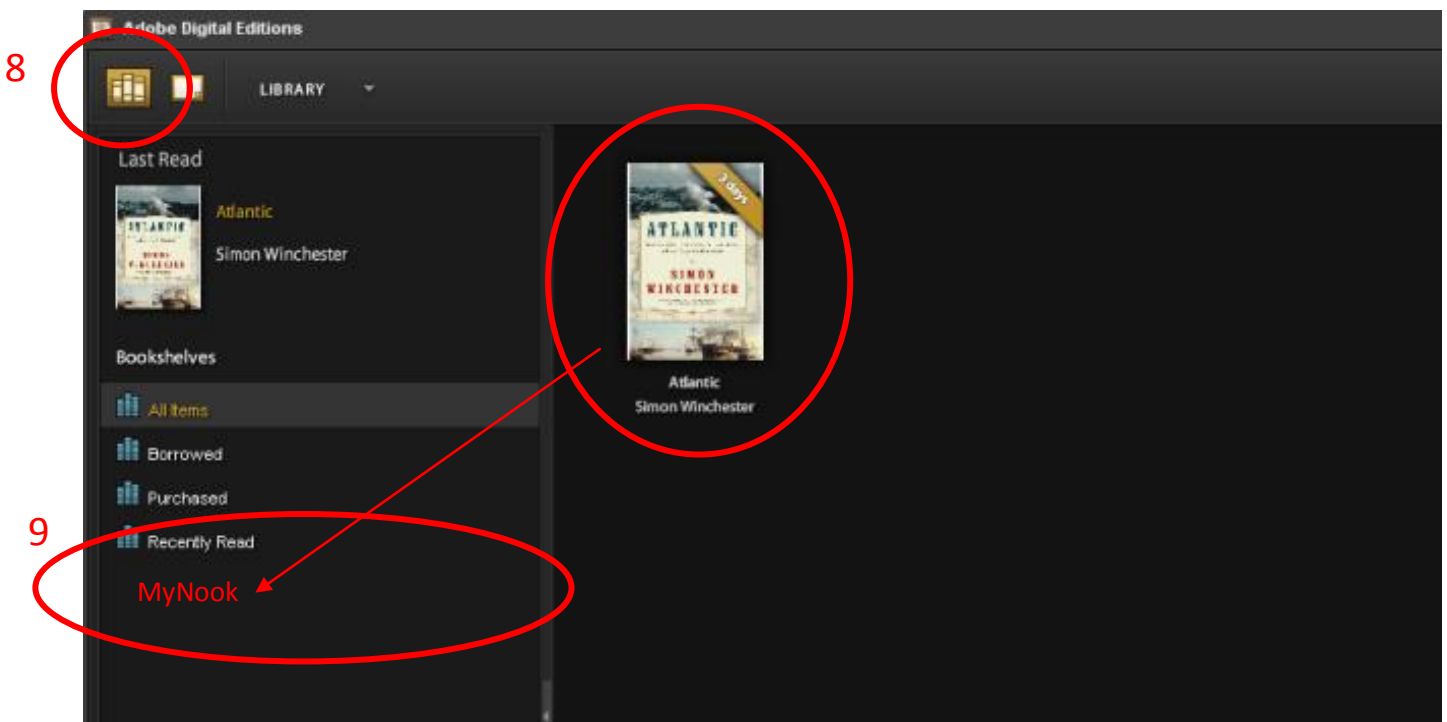

Please review and confirm the selections before proceeding with check out.

- 6) If this is your first time downloading a book, then you need to have Adobe Digital Editions installed. Please refer to the handout for installing and configuring Digital Editions. Otherwise, click “Download” to begin downloading your eBook.

- 7) When you click “Download”, your web browser might ask you if you want to save or open the file. Choose open. The file is not the actual book; it tells Adobe Digital Editions how to download the book.
- 8) Digital Editions will download the book. Click the icon with the books to display all the books you have downloaded.

- 9) When you connect your nook to the computer, Digital Editions should display it where the red circle labeled “9” is. Click on the book and drag & drop it onto the Nook.
